Super Brain: Photographic Memory & Speed Reading Course in Jaipur

Stop forgetting. Start remembering for life.

Your memory is not weak. Nobody taught you how to use it. In 22 days of live training you learn the same systems memory champions use: **memory palaces, pegs, story chains, the Major code for numbers, names and faces, and speed reading with comprehension**, plus the brain-energy habits that keep them working.

Led by **Saurabh Jain**, Founder & Chief Trainer of EnactraX, who delivered a **30-hour non-stop speech without a single note**.

DURATION 1 month · 22 days	TIMING 4–5 PM, Mon–Fri	MODE Classroom + Online
LANGUAGE Hindi & English	CERTIFICATE On performance	FEE From ₹10,000

Your 4-week roadmap

WEEK 1
Foundation & Memory Mechanics

The 22-day syllabus · 4 blocks of 15 minutes every day

Week 1 · Foundation, Brain Priming & Memory Mechanics	
Day 1	**Neuroplasticity & Morning Genius Habits** Replace the fixed-memory myth with proof your brain can grow
Day 2	**The F.A.S.T. Learning Framework & Pro Note-Taking** Learn with the F.A.S.T. method: Forget, Act, State, Teach
Day 3	**Eliminating A.N.T.S. & Debunking Learning Lies** Catch automatic negative thoughts in real time
Day 4	**Neuro-Nutrition & The Body Folders Memory System** Eat for focus with the top 10 neuro-nutrients
Day 5	**The M.O.M. Method & Spaced Repetition** Focus deeper with M.O.M.: Motivation, Observation, Mechanics
Week 2 · Advanced Association, Visuals & Photographic Memory	
Day 6	**Visual Association: The P.I.E. Formula** Turn any word into a vivid picture with P.I.E.: Place, Image, Entwine
Day 7	**Story-Chaining & Narrative Linkage** Link 20 items into one vivid story
Day 8	**The Peg Memory System & Motor-Skill Crossovers** Build instant random-access storage with mental pegs
Day 9	**Photographic Memory & Visual Snapshot Training** Hold a complex image in your mind after 10 seconds
Day 10	**Vocabulary & Language Acceleration: The T.I.P. Technique** Turn any new word into a picture with T.I.P.
Week 3 · Names, Speeches & Numbers	
Day 11	**Remembering Names & Faces: The S.U.A.V.E. Protocol** Lock in names with S.U.A.V.E.: Say, Use, Admit, Visualise, End
Day 12	**Speeches Without Notes: The Memory Palace** Build a 10-location memory palace at home or office
Day 13	**Verbatim Text & Quote Memorisation** Memorise exact text with first-letter prompts
Day 14	**The Ancient Major Alphanumeric Code** Learn the 0–9 sound map of the Major code
Day 15	**Memorising Complex Numbers & Data** Turn number sounds into vivid images (27 = N+K = Neck)
Week 4 · Speed Reading, Flow State & Lifetime Mastery	
Day 16	**Speed Reading: Cutting Subvocalisation & Regression** Find your 3 reading bottlenecks
Day 17	**Speed Reading: Advanced Comprehension & Indentation** Read blocks of meaning, not single words
Day 18	**Flow State Engineering & Ending Procrastination** Understand the 4-phase flow cycle
Day 19	**The 8 C's of Muscle Memory** Understand how effort turns into automatic skill
Day 20	**Multidimensional Thinking & the 6 Thinking Hats** Think about how you think with metacognition
Day 21	**The 5 Levels of Learning Transformation** Know your level from unconscious incompetence to mastery
Day 22	**Superbrain Graduation & Master Challenge** Memorise 15 names and faces
